LEARNING FACILITIES

E-Learning
Strathmore University is a pioneer in the use of ICT. Our e-learning platform enables students to view the coursework material that lecturers have posted, submit their finished assignments, update their calendars, interact and chat with fellow students, participate in various fora and communicate with their lecturer. Students have access to numerous computer laboratories, unlimited Internet access, a wide range of software and e-mail. A wireless network enables students with laptops access the network from various locations around the campus.

Library
The library complex and reading room are spacious, with an atmosphere that is highly conducive to private study and research. The wide range of material contributes to the university’s excellent academic performance. The library resources are also available online.

One may also contemplate a career in Accountancy itself, either in the profession, ie preparing, auditing and interpreting the accounts of clients; acting as their financial advisor; or as a chief-accountant directing the accounting function in an organisation. Whatever your future ambitions might be, the CPA, course mentioned below is a valuable.

THE COURSE

A course in Accountancy is relevant for you irrespective of the career you later venture into, for example, Engineering, Law, Architecture, Medicine, Dentistry or Building Economics, since a basic knowledge of Accountancy gives the necessary background to run one’s future business according to sound financial principles.
